Description

This is the Set of Two Grey Metallic Planters on Stand. A pair of two grey metallic planters with folding black frames which lock into position to provide a stylish and stable display space for plants. The brushed metallic grey finish to the planter contrasts perfectly with the black legs which are at different heights to give a tiered display for your favourite real or faux plants (see our highly realistic selection for ideas). This planter pairing will complement many contemporary decor schemes and help you to introduce a pop of fresh greenery to a space.
