

Siena Brown Large Lattice Lantern

Distinctive Mediterranean-inspired lattice design creates mesmerizing light patterns. Rich Siena brown finish adds depth. Perfect scale for impactful display indoors or out.

- Geometric lattice framework
- Shadow-casting capability
- Weather-resistant construction

Code: 23627

Dimensions: 17L x 17W x 23H

Description

Drawing inspiration from Mediterranean design, this large lattice lantern merges function with artistry through its intricate geometric pattern work and rich Siena brown finish. The detailed latticework casts enchanting shadow patterns when lit, creating an ambient atmosphere perfect for both indoor and outdoor spaces. The substantial scale makes it an attention-drawing piece that works beautifully as a centerpiece or statement accent. For a cohesive collection, pair with the coordinating Siena Brown Hurricane Lantern series and enhance the Mediterranean feel with the Siena Brown Amphora and Water Pots. Add organic touches with Eucalyptus stems and sprays - the Cineraria, Variegated, and Seeded varieties provide subtle texture and movement while complementing the lantern's earthy tones. For a modern contrast, consider incorporating pieces from the Athena Stone collection, which offers a lighter aesthetic while maintaining the same refined quality and visual impact.

Specification

Length:	17cm	Barcode:	5050140362785
Height:	23cm	Colour:	Brown
