LED lights integrated for energy efficiency

Star topper adds value as 2-in-1 decoration

Dimensions: 30L x 30W x 100H

Description

Illuminate your festive display with this rustic woven wicker tree, a charming centrepiece that marries traditional craftsmanship with modern LED technology. The intricate weave pattern creates an enchanting interplay of light and shadow, while the crowning star motif adds a celestial touch to your seasonal décor. This medium-sized decorative piece fits perfectly in retail environments where space is at a premium, offering maximum visual impact without overwhelming the surrounding merchandise. The natural wicker construction resonates with current interior trends towards organic materials and sustainable aesthetics. For an cohesive display strategy, consider pairing this illuminated tree with our coordinating wicker bell decorations, adding depth with our white ceramic star cut-out tealight holders, and incorporating our natural nutcracker decorations for a perfectly balanced seasonal collection. The warm glow of the integrated LEDs enhances the wicker's texture, creating an inviting atmosphere that will entice customers to explore your carefully curated holiday offerings. This versatile piece works equally well as a standalone statement or as part of a larger festive arrangement, making it an essential addition to any retailer's seasonal inventory.
