Description

Leading the revival in colored glassware, this exceptional smoked sage vessel merges contemporary design with serene aesthetics. The elliptical form creates a mesmerizing interplay of light and shadow, while its muted green tones echo the growing trend of incorporating calming, natural hues into interior spaces. The smooth, flowing silhouette offers a perfect backdrop for both dried and fresh botanical arrangements, making it an indispensable addition to any retail collection. For an artfully curated display, pair this vase with the complementary Smoked Sage Glass Bottle with Stopper and Tall Bottle variations, creating an entrancing arrangement of varying heights. Additional pairings could include the Deep Stone Heart Dish for textural contrast, or the Darcy Antique White Vase for a harmonious blend of finishes. The subtly tinted glass catches and diffuses light beautifully, adding depth and intrigue to any setting. This piece particularly shines when styled with Gunnii Eucalyptus Sprays or Peach Peony Roses from our collection, offering your customers endless possibilities for seasonal displays.
