

Stone Effect Pinecone Ornament With Gold Accents

A sculpted pinecone ornament with lustrous gold details that catches light beautifully. Perfect for luxury retail displays. Pairs seamlessly with sage candles and grey ceramics.

Dimensional stone-textured surface with metallic enhancement

Multi-seasonal display potential

Coordinates with ceramic and illuminated accessories

Code: 23656

Dimensions: 19L x 19W x 29H

Description

This exceptional stone effect pinecone ornament marries organic forms with refined metallic finishes, offering a perfect fusion of rustic charm and contemporary glamour. The meticulous detailing captures the essence of forest-found treasures, while the gold accents illuminate each individual scale, creating an intricate play of light and shadow. The substantial proportions make it an ideal statement piece for upscale retail displays, particularly effective when grouped with other pieces from our collection. For an impactful merchandising strategy, we suggest pairing with our Luxe Collection LED wax candles in sage, which provide a harmonious color story and add ambient lighting. The Amalfi Grey ceramic pieces, particularly the coordinating jug and chess pieces, complement the ornament's neutral palette while extending the sophisticated mineral-inspired theme. For wall decor coordination, the Watercolour Fern Duo artwork in washed wood frame echoes the organic inspiration while adding textural depth to the display. This ornament appeals to design-conscious consumers who appreciate sculptural objects with both decorative presence and tactile appeal, making it a reliable performer in both traditional and modern retail settings.
