

## Terracotta Triple Grass Stem

Authentic-looking grass stem with natural movement and terracotta finish. Creates instant impact in dried-look arrangements. Perfect for maintenance-free botanical displays that last.

- Maintains shape permanently
- No water or care needed
- 80cm stem allows for custom sizing

**Code:** 22739

**Dimensions:** 0L x 0W x 80H

### Description

Bring the serenity of wild meadows to your retail space with this thoughtfully designed triple grass stem in rich terracotta tones. Each blade curves and bends with lifelike authenticity, creating depth and movement that catches the eye. The warm earth-toned coloring provides a refreshing alternative to traditional green stems, making it an ideal choice for modern rustic and Mediterranean-inspired arrangements. When paired with our White Veronica Stems and Cream Ranunculus, it creates stunning dried-look bouquets that require no maintenance. For a more dramatic display, combine with our Seeded Eucalyptus Spray and Lambs Ear Spray to achieve a textured, multi-dimensional arrangement that will appeal to customers seeking long-lasting botanical decor. The generous 80cm height allows for impactful standalone presentations or can be trimmed to suit various vessel sizes. Our White Gypsophila Spray adds an airy contrast to the robust grass stems, while the Large Brown Triple Teasle Stem complements its natural aesthetic. This artificial grass stem maintains its shape and color indefinitely, offering your customers an investment piece that delivers enduring style without the upkeep of fresh botanicals.
