Description

Introducing a mesmerizing addition to the Natural Garden Collection, this pale apricot fringed iris captures the delicate beauty of fresh blooms in lasting artificial form. The meticulously detailed petals showcase soft, peacity huses that transition seamlessly from center to bip, while the distinctive fringed edges add an authentic touch that mirrors its living counterpart. This artificial stem brings year-round freshness to retail spaces and creates instant ulmpact in both traditional and contemporary settings. For an artistic display, we recommend pairing with the coordinating Pale Plink Fringed Iris, complemented by the sculptural Siren Medium Ceramic Shell Bowl. The arrangement can be further enhanced with the ambient glow of the Leptis Magna or Incia Stem Table Lamps, creating a cohesive botanical theme that will appeal to design-conscious customers.
