Description

Bring the ephemeral charm of wildflower meadows indoors with this lifelike Purple Nigella stem. The delicate, star-shaped blooms and intricate seed pods capture the enchanting aesthetics of Love-in-a-Mist in full bloom. Perfect for creating rustic garden-inspired arrangements, this artificial flower pairs wonderfully with the collection's White Waxflower for airy texture, Blue Scabious for tonal harmony, and Eucalyptus sprays for organic movement. Create stunning seasonal displays by combining with White Ranunculus and Pale Blue Scabious stems, or mix with Cream Pampas grass for a contemporary dried flower look.
