Authentic petal formation and movement mimics real scabious

Durable alternative to fresh flowers

Multiple stems can be shaped and positioned as needed

Code: 23414

Dimensions: 17L x 21W x 65H

Description

This enchanting purple scabious stem brings countryside charm to any floral arrangement. The delicate petals showcase rich purple hues that appear lifelike in both natural and artificial light. For maximum visual impact, pair with the complementary Seeded Eucalyptus Stem and Asparagus Fern Bunch to create depth, or combine with the Pale Blue Scabious Stem and Italian White Bellflower for a meadow-inspired display. The Blue Thistle and Cow Parsley additions will enhance the wild, organic feel. Perfect for boutique florists and high-end retail spaces seeking to offer authentic-looking dried flower alternatives. 1
