- Chosen for its realism
- Handcrafted
- Versatile stem for year-round displays and various decor styles

Code: 23392
Dimensions: OL x OW x 64H

Description

Meticulously crafted, our artificial white Ranunculus (*Ranunculus asiaticus*) stem brings the charm of the buttercup family indoors. This faux flower perfectly replicates the species' distinctive spirally arranged sepals and numerous stamens, capturing the intricate beauty of fresh-cut blooms without the need for care. Ideal for perennial displays, this versatile stem suits both contemporary and classic interiors. Create stunning arrangements by pairing with Eucalyptus for a sophisticated look, or combine with Roses and Peonies or a romantic cottage garden aesthetic. Perfect for retail showcases, nuptial decor, and home styling, this artificial Ranunculus offers boundless creative potential. Its true-to-life appearance and robust construction make it an excellent choice for discerning customers seeking enduring floral accents. Stock this botanical masterpiece to offer your clientele an elegant, low-maintenance solution for incorporating natural beauty into any space. The enduring appeal of white Ranunculus ensures this artificial stem will remain a coveted choice throughout the seasons.
