Description

Rich indigo berries cascade along flexible wired stems, offering endless creative potential for floral design. The deep blue tones create a mesmerizing contrast when paired with our White Cypsophila Spray or Lilac Wisteria, while harmonizing beautifully with the Seeded Eucalyptus Spray for a dynamic arrangement. These stems shine in tall vases, adding graceful movement and architectural interest to spaces. For maximum impact, combine with our White Wild Meadow Rose and Green Viburnum Spray to achieve a layered, professional-quality display that will impress your clientele.
