

White Lace Cap Hydrangea

Authentic botanical recreation with intricate petal details. Perfect for year-round commercial displays. Pairs beautifully with our greenery collection.

- Chosen for its realism
- Handcrafted
- from our popular 'Recipe Collection'

Code: 20136
Dimensions: 25L x 25W x 48H

Description

Inspired by authentic botanical specimens, this meticulously detailed lace cap hydrangea showcases delicate clusters of small florets surrounding a center of subtle, textured blooms. Each petal demonstrates remarkable authenticity, with varied tones and surface details that mirror its living counterpart. Part of our distinguished Recipe Collection, this artificial bloom maintains its fresh appearance year-round without maintenance. For an artful arrangement, pair this hydrangea with our Seeded Eucalyptus Stem for added texture, or combine with the Eryngium Blue Thistle for compelling color contrast. The Viburnum Berry spray introduces depth and visual interest, while our Variegated Eucalyptus creates a balanced foundation. Trade customers will appreciate the consistent quality and the ability to create profitable, lasting arrangements that appeal to design-conscious consumers. The durability and realistic appearance make it an excellent choice for commercial installations, retail displays, and residential projects.
