

White Magnolia Stem

This magnolia stem features impeccable white petals with authentic veining. Creates show-stopping focal points in any arrangement. Perfect pairing with veronica stems and gypsophila sprays.

- Realistic petal texture
- Year-round appeal
- Multi-arrangement versatility

Code: 22640
Dimensions: 0L x 0W x 78H

Description

Bring ethereal beauty to your floral displays with this magnificently detailed magnolia stem. Each petal showcases meticulous veining and a lustrous sheen that mirrors the authentic grace of fresh blooms. The pristine white petals create a mesmerizing focal point that draws attention in any arrangement. For an enchanting botanical collection, pair this magnolia with the delicate White Veronica Stem and airy White Gypsophila Spray. Add depth and texture by incorporating the Blue Eryngium Thistle and Pussy Willow Branch. The stem's substantial presence works brilliantly with the Sweet Pea Trail for cascading compositions, while the Eucalyptus Spray provides essential greenery backdrop. For dramatic impact in retail displays, showcase alongside the White Orchid in Stone Pot or create seasonal arrangements with the Stargazer Lily. The Conical Ceramic Lattice Hurricane Lantern offers an ideal vessel to complete the display, creating an irresistible merchandising opportunity that will appeal to both traditional and contemporary tastes.
