- Professional display stand included

**Code:** 24051

**Dimensions:** 9L x 10W x 40H

### Description

This sculptural botanical accent presents a minimalist interpretation of natural forms in a refreshing whitewashed finish. The carefully proportioned tree silhouette rises gracefully from its coordinating stand, creating an organic focal point that radiates Scandinavian-inspired serenity. The textured surface treatment highlights the intricate branching patterns while the matte white colouring ensures seamless integration with both modern and traditional interior schemes. Perfect for retail spaces seeking statement pieces that appeal to design-conscious consumers, this decorative tree offers year-round visual interest without maintenance requirements. For maximum impact in retail displays, consider pairing with complementary accessories such as whitewashed ceramic vessels, neutral textured throws, or minimalist glass hurricane lanterns. The clean lines and restrained palette make it an ideal anchor piece for seasonal merchandising, allowing for easy styling transitions throughout the year. For trade customers, this piece represents an opportunity to offer clients a sculptural element that bridges the gap between artificial greenery and contemporary art. The durable construction and stable base ensure worry-free handling and transport, making it an excellent choice for both boutique retailers and larger department stores looking to expand their home décor offerings.
